

# THE NEXT GEN PROGRAMME

INSPIRING TOMORROW'S  
HEALTHCARE WORKERS

## FUTURE FRONTLINE

is a leading social enterprise supported by The Healthcare Leadership Academy, with the mission of inspiring and supporting today and tomorrow's UK healthcare workers.

### WHAT?

An immersive workshop covering the roles of over 12 different healthcare professionals where students are also tasked with a practical skill that healthcare workers use in everyday practice. Followed by access to exclusive work experience & application support virtual events hosted by industry experts.

### WHO?

Designed for students in year 10+ and delivered by university healthcare students and healthcare professionals. All of our volunteers have an enhanced DBS certificate or equivalent. Join a community of like-minded aspiring healthcare professional.

### WHERE?

The workshop takes place in-person at your school. Further events will take place virtually.

### NEXT STEPS

Email us to book in your workshop now and embark on this innovative programme. For further information about how we support aspiring healthcare students please visit our website.
